Please kindly pass to Charterers

We refer to your message dated 8th November 2005 and to the hire statement no.46 dated 7th November 2005.

We deny that you are entitled to place the vessel off-hire for the period of 19th October until 7th November, as alleged. Further, we deny that any of the delays were caused by any action or breach on our part. The simple matter is that the vessel was doing as required pursuant to your orders. We demand that hire is paid in full and in conformity with the terms of the Charter Party, thus rectifying your current breach of Charter Party. Unless hire is paid and received in full by return, then we must reserve all our rights.

We will be instructing solicitors in London to act on our behalf and take steps, without further notice to your good selves, in order to preserve those rights should payment not be made as required.

Insofar as the purported losses resulting from the alleged late presentation of the vessel - again, it is denied that any losses have been incurred. Indeed, your claims appear to be entirely speculative. We reserve our rights with regard to the apparent threat that you make regarding future hire payments.

We trust that in light of the above Owners will now reconsider their position and confirm that hire will be paid in accordance with Owners hire statement (and the governing cp). We look forward to Charterers immediate confirmation by return.
